RESOLUTION—No. 947 Medl.

Minister-in-charge: The Hon'ble Mr. B. Chakravarti.

READ—

The triennial report on the working of hospitals and dispensaries in Bengal during the years 1923, 1924 and 1925.

The effects of the great war having to a great extent died out during the previous triennium, the one under review opened with encouraging prospects all round. The financial difficulties so keenly felt in the previous triennium disappeared to a large extent, and many schemes, which had to be postponed for want of funds, were taken up. The Legislative Council having in 1924

refused the salaries of the Ministers, the administration of the Medical Department was taken up directly by His Excellency the Governor, and the Standing Committee, which had been formed with four non-official members of the Council and the Surgeon-General, came automatically to be dissolved with the prorogation of the Council. Although the department thus came to be treated as a reserved department, its requirements none the less received due consideration and were provided for as far as possible.

Improvement in pay and prospects of officers in the Medical Department.—In pursuance of the recommendations the Royal Commission rules were made by the Secretary of State revising the pay and pension of superior Civil Service officers. The scales of overseas pay of Indian Medical Service officers were revised, and the new rates took effect from the second year of triennium. A new revised scale of pay was sanctioned for the compounders in Government hospitals and dispensaries, and it also took effect from 1st April 1924.

Medical Research.—The School of Tropical Medicine and Hygiene with its attached hospital, which was opened in the previous triennium, more than justified its existence. It maintained the high standard of efficiency in the sphere of medical education and research which had marked its progress in the previous triennium. Since the opening of the school very substantial results have been obtained from the investigation of kala-azar, hookworm and other intestinal infections, filariases, diabetes, beri-beri, epidemic dropsy, etc., and from the study of the indigenous drugs and cinchona.

A discovery with great possibilities regarding the transmission problem of kala-azar has been made, and the improvement in the treatment of the disease by the newer preparations of antimony and the cheapening of these drugs have been greatly promoted by the work of the school.

Tropical medicine is a highly specialised medical subject, and it is considered that specialists only are competent to examine students in this branch of medicine. A permanent body called the "Faculty of Tropical Medicine of Bengal" was accordingly constituted in 1923 for the conduct of examinations, grant of diplomas and licenses to students trained in the school.

The popularity of the post-graduate courses in the school continued unabated, and students were often deputed by other Governments for training in the school.

The Indian Research Fund Association bore the cost of two Professors in the school and financed a number of special researches which were conducted by the members of the staff.

Medical Education.—Medical education has become very popular in Bengal, and the medical colleges and schools can hardly accommodate a fraction of the candidates applying for admission. The need for medical men of the licentiate class who will agree to settle and practise in the mufassal is greatly felt, and it has become necessary to multiply the number of medical schools to obtain men of this class.

A notable advance has been made in this sphere of medical education, and attempt is being made to meet the increasing demand for medical schools. The fourth school at Mymensingh was opened in 1923, with accommodation for 200 students. It has also since been definitely decided by Government that five more medical schools should be opened at Jalpaiguri, Chittagong, Berhampore, Barisal and Chinsura, where local conditions for the establishment of new schools are favourable.

A serious bar to this extended programme of medical schools lay in the difficulty hitherto experienced in meeting the increased recurring expenditure, though it is easy for Government to meet the capital outlay from its provincial surplus. It has therefore been decided that Government will undertake to defray the entire capital cost, while the local contributions will be invested and the proceeds utilised in meeting the recurring cost of these new institutions. It does not, however, mean any relaxation in the conditions hitherto imposed, viz., that the local hospital should be raised to 100 beds, the cost of upkeep of the extended hospital should be met locally, and that a

substantial contribution should be made by the local people towards the capital cost of the school as well.

The Jalpaiguri and Chittagong medical schools have been sanctioned, and it is expected that the construction of the buildings will shortly be commenced. This extended programme coupled with the change in policy will, it is hoped, go far in solving the needs of medical education in Bengal.

Government in the Ministry of Medical Department have noticed with pleasure the part that has been played by private promoters to advance the cause of medical education by helping towards the establishment of medical schools. The Calcutta Medical Institute is a case in point. This school, which has a well appointed hospital attached to it, has been established in Calcutta purely by private enterprise. It has succeeded in obtaining recognition from the Council of Medical Registration, though for a period of five years for the present. Several other private medical schools have been started, but none have so far attained recognition.

The recognition of medical colleges in Bengal has been withdrawn by the General Medical Council of Great Britain on the ground of the insufficiency of gynæcological training given to the students. An attempt has been made to increase the number of labour cases available by extending the Eden Hospital at a considerable cost and adding an Extern Maternity Department to this institution. It is hoped that the Council will again accord recognition to these institutions after the Inspector to be deputed by the Council has held his investigation into the medical education imparted in the province.

Medical Relief.—The hope expressed in the last review of an accelerated progress in the establishment of new dispensaries in the mufassal has been more than fulfilled. New dispensaries were established in this triennium at the average of 58 dispensaries per year, as against 31 in the previous triennium. The net increase was 173 dispensaries over the previous triennium, after making allowance for 10 dispensaries closed and 4 included in the boundaries of the Calcutta city. Of the newly opened dispensaries, 22 are private aided and 148 come under the head of local fund institutions.

Union boards played an important part in this connection, and as many as 65 new dispensaries were established by these bodies. A number of temporary dispensaries and kala-azar centres were also maintained by the local bodies. An impetus to the establishment of new dispensaries has been given by the policy, inaugurated in 1922, of giving Government subsidy at the rate of Rs. 500 per thana and Rs. 250 per village dispensary. The grant was originally made for three years, and it has since been decided to continue it for another three years. The resources of local bodies are slender and do not admit of expansion with demand. They are naturally reluctant to undertake measures involving increase in the recurring cost of maintenance, and it is believed that could they rely on the continuance of this subsidy the establishment of new dispensaries in rural areas would have resulted at a faster rate.

The triennium closed with 32 hospitals and dispensaries in Calcutta, the net addition being by 8 institutions. There were many up-to-date improvements and extensions to these hospitals, one of the most noticeable among the new institutions being the hospital attached to the Calcutta Medical Institute with 40 beds. This hospital, like the school to which it is attached, has been started and is maintained entirely as a result of private enterprise. Nine beds were added to the Eden Hospital and 34 beds to the Carmichael Medical College Hospitals owing to the opening of an infectious ward. The Sree Vishudhananda Saraswati Marwari Hospital, a private non-aided institution, showed also a commendable increase of 133 beds. The new Eye Hospital was completed with an accommodation of 128 beds. The Ear, Nose and Throat Department in the Medical College and a Dental Department in the Presidency General Hospital were opened during the triennium. An out-door Ophthalmic and an out-door Gynaecological Department were opened in the Sambhu Nath Pandit Hospital. The staff of nurses in the Calcutta hospitals increased from 422 to 441.

The number of institutions, the accommodation and attendance in these hospitals in the triennium under review, as compared with those in the previous triennium, will appear from the following statement :—

	1920—22	1923—25.
I.—Number of institutions—		
In Calcutta	24	32
In mufassal	859	1,032 (Allopathic only).
II.—Number of beds —

In mufassal	4,926	5,309
III.—Number of patients—		
In Calcutta—		
In-patients ...	123,059	129,762
Out-patients ...	1,243,038	1,313,158
In mufassal—		
In-patients ...	204,408	199,112
Out-patients ...	21,641,384	21,373,273

In the opening year of the triennium, the out-door attendance in the Government hospitals showed a considerable falling off. owing to the system of charging fees from patients. The system, which was introduced in January 1923 with the object of tapping a new source of income to meet the growing expenses of medical treatment, was unpopular and had to be abolished in July of the same year.

Both in Calcutta and the mufassal malaria supplied the largest number of patients. Kala-azar was accountable for the next largest number, providing more than three times the number in the previous triennium in Calcutta and more than seven times than that in the districts.

Excluding opening balance, the total receipts of classes I, II and IV institutions in Calcutta amounted to Rs. 88,80,529, as compared with Rs. 87,72,883 during the preceding triennium. Of this amount Government contributed Rs. 55,15,557 as compared with Rs. 61,40,717, while Rs. 3,72,634 was received from subscriptions and donations and Rs. 50,80,702 was spent on the upkeep of the Government institutions.

The total income of the district institutions amounted to Rs. 62,80,943, while their maintenance cost Rs. 58,79,077. The local fund contributions were over 30 lakhs and those from municipalities were 6 lakhs.

Indigenous and other systems of medicines.—The non-allopathic systems also showed a marked degree of activity Forty homeopathic and 14 Ayurvedic dispensaries were in operation in the triennium. The number of Unani dispensaries remained the same as in the previous triennium, viz., 24 in number.

The Tibbi and Ayurvedic Committee, which were convened by Government in 1921, submitted their reports. The recommendations of the Tibbi Committee were found unworkable and had to be shelved. The report of the Ayurvedic Committee is still under the consideration of Government.

Pasteur Institute.—The most outstanding event of the triennium was the establishment of a Pasteur Institute in Calcutta in 1924. The institute at once leaped into popularity, and the steady influx of patients since appears to have more than justified its establishment. During the first seven months of its existence 1,995 patients were treated, whereas in the second year the number receiving treatment swelled to 5585.

Nursing.—The new nurses quarters at the Medical College Hospital were opened in 1923. The Surgeon-General reports that the number of applicants for the general and maternity training during the last three years was satisfactory and that it is now possible to maintain the staff at the maximum number allowed. The need of nursing arrangements is most keenly felt in the mufassal hospitals, but no organised system could be

introduced for want of funds. Mention may be made of the following hospitals in the mufassal which employed nurses in their hospital staff:—Fraser Hospital, Burdwan, Walker Hospital at Bolepur, Seranga Mission Hospital, the Mitford Hospital, Dacca, the Imambarah Hospital, Hooghly, the Berhampore Sadar Hospital, the Mymensingh Sadar Hospital, the Chittagong General Hospital, the Darjeeling Victoria Hospital and the Kalimpong Mission Hospital.

Arrangement has been made for the training of male nurses at the Suri Sadar Hospital, and a proposal is under consideration for the training of male nursing orderlies in the Campbell Hospital.

Mental Hospitals.—On the opening of the Indian Mental Hospital at Ranchi in October 1925, the inmates of the Berhampore Central Mental Hospital were removed there during the year, while the transfer of patients from the Dacca Mental Hospital, which was also commenced soon after, was completed after the year was over. Both these institutions have been closed.

The buildings at Ranchi have been completed at a great cost, and the patients are accommodated and treated there in accordance with up to date methods. The cost of the institution is shared between the Governments of Bengal and of Bihar and Orissa in the proportion of ¾ths and ¼th.

Increased association of independent medical practitioners with Government hospitals.—In 1923, Government sanctioned the establishment of a department for the treatment and teaching of the diseases of the ear, nose and throat in the Medical College Hospitals, and a specialist who agreed to work without remuneration was appointed to be in charge. Further, the appointment of two independent medical practitioners—Sir K. C. Bose and Major H. Suhrawardy—was also sanctioned in this connection. A scheme has since been sanctioned by Government for the regular association of independent medical practitioners in the work of the institution. The details of the scheme are under consideration. It is intended that after the prescribed course of training, these practitioners will attain the full status of physicians and surgeons in the hospital.

Strengthening of the Medical College staff.—Another important departure was made in strengthening the staff of the Medical College, Calcutta, by the creation of two additional appointments and throwing them open to two senior officers of the Bengal Medical Service.

Diseases. Malaria.—As in the previous triennium, malaria counted the largest number of victims, the number treated being one-third of the total number of patients attending dispensaries. Treatment by injection of quinine salt met with satisfactory results. During the triennium 4,666 lbs. of quinine were purchased by mufassal hospitals and dispensaries from the Juvenile Jail, Alipore, at a cost of Rs 1,18,408. Quinine worth Rs. 5,05,339 was sold by the Jail through post offices in Bengal during the years 1924 and 1925. Owing to the high price of the drug, the chronic poverty of mufassal hospitals and dispensaries, and the high efficiency of cinchona in malaria, extensive use was made of the residual alkaloids of cinchona febrifuge.

Kala-azar.—A notable feature of the triennium is the vast expansion of anti-kala-azar work. Local bodies, in particular, evinced very great keenness in undertaking special measures for combating the disease by the establishment of numerous treatment centres in the mufassal.

Cases of kala-azar were diagnosed in increasing number and the patients treated in this triennium vastly outnumbered the patients treated in the previous triennium. This will be evident from the fact that the number of cases diagnosed as kala-azar amounted to 1,31,907 in 1925 as opposed to 11,023 in 1922. The increase is attributable to the better knowledge of the disease, readier method of diagnosis, and greater popularity of the intravenous injection.

Leprosy.—This disease is treated chiefly in the three leper asylums at Gobra, Raniganj and Bankura. The first is maintained by Government, while the other two are managed by the Mission to Lepers helped by Government contributions. A well-equipped Leprosy Research Department has been established in the School of Tropical Medicine, Calcutta. It is financed by the Indian Research Fund Association and the Tropical School Endowment Fund. Splendid results have been achieved as the result of enquiries conducted in this department by Dr. E. Muir, M.D., F.R.C.S.

Leprosy has now been proved to be highly amenable to treatment in its earlier stages, the great value of treatment in out-patients' clinics has been demonstrated and improvements in treatment by Chalmugra and Hydrocarpus derivatives have been effected.

For the effective administration of the Lepers Act settlements with much larger accommodation for the detention and treatment of lepers are necessary. The establishment of a leper colony at Midnapore, the project for which has been administratively approved and the necessary land acquired, has, however, been held up on account of the unsatisfactory nature of the water-supply in the colony. The enquiry conducted in this regard by the Chief Engineer. Public Health Department, has not so far produced satisfactory results. It is intended to make further enquiries in the ensuing summer season.

Venereal diseases.—There are out-patients' clinics for the treatment of this disease in some of the Calcutta hospitals and in the Mitford Hospital at Dacca. The only special hospital for combating this disease is the Voluntary Venereal Hospital for females at Alipore. As a result of the visit of the delegation from the British Social Hygiene Council, the arrangements for treating this disease in this Presidency have been found to be unsatisfactory and comprehensive proposals for improvement in this connection are under the consideration of the Surgeon-General with the Government of Bengal.

Financial assistance from the public.—Generous donations from the public continued to be received. Offers of liberal donations and subscriptions, both from private individuals and local bodies, have been received in connection with the different projects for the establishment of medical schools in this province. Mention may be made of the legacy of over Rs. 50,000 left by Mrs. Joy Chandi Dutta for the comforts of the Indian patients in the Medical College and the Mayo Hospitals.

Concluding remarks.—The policy of giving aid to local bodies to start dispensaries at the headquarters of thanas and in rural areas adopted by Government produced on the whole satisfactory results, though the sites have not in all cases been judiciously selected and the new dispensaries have not always been opened at the places where they are most needed.

The contrast between the proportion of assistance given by Government and by local bodies, respectively, to institutions in Calcutta and the corresponding ratio in the mufassal is glaring and calls for some remarks The justification lies in the fact that patients are attracted from all parts of the province to the Calcutta hospitals where facilities for research and training of medical students are amply afforded, which tend to the benefit of the whole province.

The thanks of Government are due to Major-General B. H. Deare, C.I.E., I.M.S., and Major-General R. Heard, C.I.E., K.H.S., I.M.S., and other officers who held charge of the responsible office of the Surgeon-General with the Government of Bengal during the period under review for their efficient administration of the department and to the medical officers and staffs of the several institutions for their good work.

Forecast of the *Rabi* crops of Bengal for 1926-27.

[NOTE.—On an average of the five years ending 1924-25, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.]

Character of the season.—The rainfall in September and the early part of October was adequate for the preparatory tillage and sowings which commenced at the normal time. Drought till the third week of December affected the growth of the early-sown crops to some extent. Likewise heavy rainfall in the end of December and the middle of January and February also proved detrimental to crops then maturing. On the other hand, later crops benefited by this rainfall. On the whole the season may be regarded as a fair one for the crops.

Acreage.—The normal area under the different *rabi* crops in the Province dealt with in this forecast is estimated at 3,110,800 acres. The area actually sown this year is reported to be 2,753,300 acres as against 2,735,600 acres last year. Of this, the area under *summer* (boro) *rice* is returned at 408,200 acres as against 374,900 acres last year and that under *tobacco* is 295,200 acres as against 293,400 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the different *rabi* crops for the Province as a whole works out to 77 per cent. of the normal as against 76 per cent. last year, the returns from the more important *rabi* districts being as follows:—

Nadia 66, Murshidabad 63, Jessore 54, Khulna 32, Burdwan 65, Midnapore 83, Rajshahi 68, Jalpaiguri 92, Rangpur and Pabna each 100, Malda 71, Dacca 77, Mymensingh 60, Faridpur 79, Bakarganj 64, Tippera 62 and Noakhali 83.

Summer rice and tobacco crops.—The outturn of *summer rice* according to district estimates is 72 per cent. of the normal as against the same figure last year. The gross yield of the crop for the Province on a basis of the normal yield of 14 maunds of clean grain per acre, is estimated at 151,200 tons this year as against 138,800 tons last year.

The outturn of *tobacco crop* is estimated at 93 per cent. of the normal as against 92 per cent. last year. Taking 9 maunds as the normal yield of the crop per acre, the gross yield of the crop for the Province is estimated at 90,800 tons this year as against 89,200 tons last year.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 30th March 1927.

Summary.—During the week the rainfall was almost general throughout the Presidency. It is facilitating the preparation of lands for jute and paddy and sowings in low lands are progressing in East and North Bengal districts, but more rain is needed for the operation. Reaping of spring crops is approaching completion. The condition and prospects of standing crops are generally favourable but those of the mango crop are reported to be poor in Malda. The average price of common rice for the province has fallen by about 0·51 per cent. as compared with that of the previous week.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules,

and

In the matter of the election of a member of the Bengal Legislative Council from the Dacca West Rural Muhammadan constituency of the said Council,

and

In the matter of Raihanuddin Ahamad, of 40, Bhajahari Shaha Street, Dacca—Petitioner,

versus

1. Maulvi Abdul Latif Biswas, B.L., Pleader, Manikganj,
2. Maulvi Abdul Ghany Chaudhury, B.L., Pleader, Zindabahar Lane, Dacca—Respondents.

The humble petition of the abovenamed petitioner.

MOST RESPECTFULLY SHEWETH:

1. That for the purpose of the last Bengal Council General Election of the Dacca West Rural Muhammadan Constituency comprising the two subdivisions of Manikganj and Munshiganj of the Dacca district, polling was held at 36 centres including Munshiganj, Bajrajogini, Sonarang, Lauhajang, Siddeswari, Kalma, Bhagyakul, Shekharnagar in Munshiganj subdivision, and Manikganj, Baira, Saturia, Daragram, Gheore, Daulatpur, Jhitka and Shibalaya in Manikganj subdivision.

2. That the election was held at Munshiganj, Bhagyakul, Manikganj, Saturia, Kalma, Bangabariahat, Maluchi and Gheore centres on the 17th November last and at the rest of the abovenamed centres on the 20th.

3. That the petitioner and the respondents were nominated as candidates for election from the aforesaid constituency at the last General Election of the Bengal Legislative Council, and that the petitioner polled 911 votes and the respondents Nos. 1 and 2 polled 1,753 and 825 votes respectively, and consequently the respondent No. 1 was declared "Returned" as a member of the said Council.

4. That the Respondent No. 1 submitted his Return of Election Expenses on the 20th December 1926 last.

5. That the declaration about Respondent No. 1 as elected and returned and his election as Member of the Bengal Legislative Council are illegal and void, and should be so held on the following amongst other grounds:—

(1) For that the election of Respondent No. 1 was not the result of a free election but was procured and induced by corrupt practices by which the result of the election was materially affected and vitiated, viz:—

(*i*) **Bribery:—**

(*a*) Payment of money to some of the voters of Munshiganj, Kalma, Shekharnagar, Baira, Maluchi, Daulatpur, Harirampur and Baneajuri centres on behalf of Respondent No. 1 with a view to secure the votes of those persons for the said respondent at the said election. The corrupt practices by and on behalf of Respondent No. 1 at Baneajuri centre were brought to the notice of the Presiding Officer.

(*b*) *Treating the voters.*—A large number of voters at Lauhajang, Bhagyakul, Kalma, Manikganj, Baira, Saturia, Daragram, Baneajuri, Harirampur, Gheore, Daulatpur and Bangabariahat centres were entertained with sweetmeats, *pan*, and smoke, at Maluchi centre with *dai chira*, at Munshiganj centre with sweetmeats, tea, biscuits, *pan* and smoke, and at Sonarang and Bajrajogini centres with *pan* and smoke, on behalf of Respondent No. 1, and thus were induced to vote for Respondent No. 1.

(*ii*) **Offer of bribe:—**

(*a*) Respondent No. 1 offered Rs. 2,000 to Respondent No. 2 at his residence in Zindabahar Lane, Dacca, on 3rd of October or thereabout with the object of inducing him to withdraw his candidature at the last General Election.

(*b*) Maulvi Abdul Malek, an agent of Respondent No. 1 promised to pay to Choudhury Abdur Rouf of Banori the sum of Rs. 150 on or about 20th October at Marichadi on behalf of Respondent No. 1 to induce him to vote for Respondent No. 1 and also to secure the votes of other voters for the said Respondent No. 1. He, as well, offered money at Kalikal on or about 18th November to Abdul Gani Bepari of Kalikal to purchase votes of the voters of his union and also promised at Dulkuir on or about 18th November to pay Rs. 40 for the purchase of a *degchi* for the Dulkuir Mosque in order to induce the voters of that locality to vote for Respondent No. 1.

(*c*) Munshi Abdul Habib Biswas, the father of Respondent No. 1, offered money at Jhitka Hat in the beginning of November to Dr. Ilahadad Khan of Charmukundia to purchase votes of the voters of Azimnagar union at Rs. 2 per vote.

(*d*) Munshi Muhammad Omar of Munshiganj, an agent of Respondent No. 1, offered money in November at Charkewar to Munshi Taizuddin Ahmad, the President-Panchayet of Charkewar union, to purchase votes of the voters of the said union for Respondent No. 1.

(*iii*) **Undue Influence:—**

(*a*) One Peer Nowab Mean of Badurpore in the district of Faridpur, the brother of the well-known Peer Badsha Mean of East Bengal, being requested by Respondent No. 1, issued two letters to his innumerable disciple-voters, before the election, directing them to vote for Respondent No. 1. One Osman Munshi, a canvasser of Respondent No. 1, with the connivance of his brother Sharitullah Munshi, the agent of Respondent No. 1, attempted at Bhagyakul centre on the election day to induce the voters present at the polling station to vote for Respondent No. 1, threatening them that if they disobeyed the written order of the Peer Saheb they would turn "Kafers" (heretics).

(*b*) One Khandkar Rakib Uddin of Ghonapara, father-in-law's father-in-law of Respondent No. 1, is a Peer (spiritual guide) of a number of voters of Aruyal, Ulail, Kanchanpur, and other neighbouring unions. He acted as a canvasser for Respondent No. 1 and was present at the polling station at Maluchi centre. He, taking advantage of his position as Peer, induced some of the voters present to vote for Respondent No. 1, threatening them with divine displeasure if they failed to do the same.

(*c*) Respondent No. 1 is the Secretary of the Manikganj Central Co-operative Bank. He threatened the members of the Rural Banks who were voters, with evil consequences if they failed to vote for Respondent No. 1 and thereby interfered with the free exercise of their electoral rights.

(*d*) On the election day at the Sonarang School compound Dr. Kazi Shafiullah, an agent of Respondent No. 1, paid Rs. 5 to Akhiluddin Bepari of Matakpur in Tongibari police-station and also Rs. 5 to the Sonarang Moslem Samiti. Akhiluddin Bepari, Nural Haque, the Secretary of the Samiti, and other members of the Samiti forcibly took some of the voters of the Sonarang centre into a room adjoining the polling centre, and threatened them with evil consequences if they did not vote for Respondent No. 1. They also treated the said voters with *pan* and smoke and thereby induced them to vote for Respondent No. 1. This was, then and there, brought to the notice of the Presiding Officer.

(*iv*) **Personation:—**

(*a*) One Nabu Shekh of Kumarkandi, though not a voter himself, was induced by Rakibuddin and other agents of Respondent No. 1 to apply for a ballot paper in the name of his brother Ichhu Sheik, voter No. 1 of Kanchanpur union, at Maluchi centre and he did vote for Respondent No. 1. The fraud was immediately detected and brought to the notice of the Presiding Officer.

(*b*) One Tamizuddin Biswas, voter No. 49 of Baira union, did not attend the Harirampur polling centre, but his son, being induced by the agents of Respondent No. 1, applied for a ballot paper in the name of his father and voted for Respondent No. 1.

(*c*) One Isoo Matbar, voter No 10 of Latakhola union, died in October last, and his vote was recorded for Respondent No. 1 at Harirampur centre at the instigation of Abdul Habib Biswas, the father of Respondent No. 1.

(*d*) One Dagu Biswas, voter No. 12 of Latakhola union, was ill and could not attend polling station. His son Ghani Biswas, being induced by Abdul Habib Biswas, the father of Respondent No. 1, applied for a ballot paper in the name of his father and voted for respondent No. 1 at Harirampur centre.

(*e*) One Abdur Rahman Sheikh of Mandra, voter No. 2 of Bhagyakul union, was not at home and did not attend the election at the polling centre at Bhagyakul; but his younger brother Hosainuddin, being instigated by Osman Munshi referred to in paragraph 5 (*iii*) (*a*), applied for a ballot paper in the name of his brother and voted for Respondent No. 1.

(*f*) One Baroo, who is a voter both of Bhararia union under No. 37 and of the Hatipara union under No. 6, voted twice at Bangabaria centre, being influenced by Abdul Majid Biswas, the father-in-law of Respondent No. 1.

(*v*) **Payment of conveyance:—**

(*a*) Boats were hired and paid for by Munshi Md. Omar and Osman Munshi, the agents of Respondent No. 1 on 20th and on 17th November respectively, to carry voters to and from Siddheswari and Bhagyakul centres.

(*b*) Ferry charges for the voters who promised to vote for Respondent No. 1 at Baira centre were paid by Babu Jogesh Chandra Basak, the Head Clerk of the Manikganj Central Bank, on behalf of Respondent No. 1.

That there have been numerous instances of corrupt practices on the part of Respondent No. 1. A list, stating some of the corrupt practices not enumerated in detail in the petition, is enclosed herewith. Your petitioner craves leave to submit a supplementary list hereafter.

(2) For that the Respondent No. 1 in his return of election expenses has deliberately suppressed certain items and greatly minimised other items of receipts and expenditure. The said return is consequently false in material particulars. A few instances of which are shown below:—

(*a*) The Respondent No. 1 himself canvassed in the 2nd week of October in Munshiganj subdivision in hired boats and personally attended the election of Baneajuri centre; but in the return he has not shown any such expenditure.

(*b*) Munshi Abdul Habib Biswas, the father of Munshi Abdul Majid Biswas, the father-in-law of Khandokar Rakibuddin, the father-in-law's father-in-law of Respondent No. 1, as well as Kazi Golam Nabi of Bilbharat, Maulvi Shamsuddin Muhammad of Baira, Maulvi Ghaniulbaki of Saidabad, Salimuddin Biswas of Putail and many others canvassed in hired boats in Manikganj subdivision, and Osman Munshi referred to above, Abdul Barik Bhuya of Rampal, Osimuddin Ahmad of Kalikal, Abdul Khaleque of Ransha and many others canvassed in Munshiganj subdivision in hired boats for Respondent No. 1. But these expenses have not been entered in the return.

(*c*) Gyasuddin Ahmad, the Supervisor of Manikganj Central Bank, remitted Rs. 20 by money-order by the end of October last to one Sultan Ahmad of Banori on behalf of Respondent No. 1. He also remitted Rs. 50 to one Muazzam Hossain of Talbashail, and Rs. 60 to Khandakar Rakibuddin by telegraphic money-order in the middle of November last on behalf of Respondent No. 1. These remittances were made to meet the election expenses of Respondent No. 1, but these items have not been shown in the return.

(*d*) In the beginning of November Munshi Muhammad Omar, Secretary to the Munshiganj Moslem Samiti, paid Rs. 110 to Dr. Kazi Shafiullah of Munshiganj and Rs. 100 to Amjed Ali Bepari of Ariyal, the nephew of Khaleque Khalifa of Munshiganj, to meet the expenses of canvassing for Respondent No. 1. But these items have not been shown in the return.

(*e*) Munshi Abdul Hakim Bikrampuri of Munshiganj, the President of the Moslem Samiti, got Rs. 400, and Munshi Muhammad Omar, the Secretary of the Samiti got Rs. 550 by telegraphic money-order in November last from Respondent No. 1 to meet the expenses for canvassing, but only Rs. 50 and Rs. 125, respectively, have been shown in the return against their names.

(*f*) Fazlu Mean, the son of Imdaduddin Muktear of Munshiganj, received Rs. 75 by telegraphic money-order in the middle of November last from Respondent No. 1 to meet the expenses of election. This has not been shown in the return.

(*g*) Respondent No. 1, personally paid Rs. 50 on or about 10th October last to Munshi Muhammad Omar, Secretary of Munshiganj Moslem Samiti, to meet the expenses of canvassing for Respondent No. 1. But this has not been shown in his return.

(*h*) Respondent No. 1 went to Munshiganj on or about 18th December last and personally paid Rs. 125 to said Munshi Muhammad Omar, and promised to pay a further sum of Rs. 200 as election expenses. These items have not been shown in the return.

(*i*) The travelling allowance shown at page 4 of the return, specially those against the names of Babus Arun Chandra Ray, B.L., Monmohan Basak, B.L., Babu Sarat Chandra Bose, B.L., Dines Chandra Sarkar, B.L., are quite inadequate and cannot be true.

(*j*) Respondent No. 1 in his return has mentioned the solitary name of one Mozaffar Ali Khan as his canvasser in Manikganj subdivision, showing only Rs. 75 as his remuneration and travelling allowance. The return shows that this amount was paid after the election was over. But, in fact, the Respondent No. 1 had many other canvassers in Manikganj subdivision, including those mentioned in paragraph 5 (*2*) (*6*) above. He has not shown any item of expenditure either in the shape of remuneration or of conveyance for those canvassers.

(*k*) Respondent No. 1 received by telegraphic money-order Rs. 500 from Dr. A Suhrawardi, the leader of the Moslem Independent party, by the middle of November last. The Respondent No. 1 also received money on other occasions from the same and other sources, for election purposes. But none of these items have been shown at page 1 of his return.

6. That the return having been submitted in violation of the express provision of the Electoral Rules and Regulations, Respondent No. 1 is not entitled to continue to sit as Member of the Bengal Legislative Council under Rule 5 (*4*).

7. That in addition to the aforesaid grounds your petitioner humbly begs to urge the following amongst other grounds which would render the General Election null and void and liable to be set aside:—

(*a*) (*i*) That the Electoral Roll of Gala union was prepared by Munshi Abdul Habib Biswas, the President-Panchayet of the same union and the father of Respondent No. 1, while the Respondent No. 1 was sitting as a Member of the Bengal Legislative Council of the said constituency. Knowing full well that his son would stand again as a candidate for election from the said constituency and he himself having great influence on the voters of the same union increased the number of voters of the union by illegally inserting in the electoral roll the names of persons not qualified to be voters under rule 8 (*1*) (*d*) of the Bengal Electoral Rules, 1926, Schedule 11, section 3 (*1*) (*c*). A few instances are given below:—

(1) Alimuddin Shikdar, No. 15, Zainuddin Khan, No. 41, Samiruddin, No. 48, Iad Ali Shekh, No. 70, Zain Uddin Mallik, No. 84, Gandu Shekh, No. 90, Asim Uddin Mollah, No. 102, Zarip Mollah, No. 107, Zahar Uddin Biswas, No. 115, Manik Biswas, No. 117 of the Electoral Roll of the Gala union paid less than Rs. 2 and Mantaz Uddin Mollah, No. 12, Reazuddin Mollah, No. 25, Khorshed Ali Khan, No. 32, Komor Ali Shekh, No. 38, Pachai Shekh, No. 98, Amir Uddin Shekh, No. 103, Kedar Mollah, No. 105, Menaz Uddin Mollah, No. 110, paid no union rate in the year previous to year of election.

(2) Munshi Abdul Habib Biswas lives in joint family with his sons, Ali Hossain Biswas and Maulvi Abdul Latif Biswas, the Respondent No. 1. All of them have been shown as voters under numbers 112, 120 and 122 of the roll, though Maulvi Abdul Latif paid no union rate in the Gala union.

(3) The petitioner further begs to point out that Badaruddin Shikder No. 17, lives in joint family with his son Altafuddin Shikder, who has been made a voter under No. 121, though he did not pay any union rate.

(ii) Munshi Intaz Uddin Biswas, uncle-in-law of Respondent No. 1, is the President-Panchayet of Putail union. He has also for reasons stated above, in order to help the election of Respondent No. 1, registered as voters in the electoral roll of Putail union the following persons not qualified to be voters under the rules and regulations referred to above :—

Vendo Bepari No. 2, Ado Sarker No. 5, Hakim Ali No. 71, Sabar Shekh No. 89, Inu Paramanik No. 109 paid less than Rs. 2, and Shikim Ali No. 67, Madari Sheik No. 99, Sebarat Bepari No. 113, Rustum Shekh No. 120, Moniruddin Mallick No. 125, paid no union rate in the year previous to the year of election.

(d) That the provisions of the Regulation XXXIV were violated inasmuch as Babu Sasanka Bhusan Ray, President-Panchayet of Halla union and an Honorary Magistrate who presided over the election at Maluchi and Shivalaya centres, did not himself put the mark on the ballot papers according to the direction of illiterate voters of those centres, but had it done by Maulvi Afel Uddin Ahmed, a probationary clerk of the Dacca Collectorate who was in a separate compartment and away from the Presiding Officer.

(e) That the Presiding Officer of the Lauhajang centre came to the polling station at Lauhajang School at about 11-30 A.M. though time fixed for commencing the election was, under rule 11 (2) (c), 10-30 A.M.

8. That the petitioner is a Muhammadan and about 55 years of age. He is an inhabitant of Hajinagar, police-station Harirampur, district Dacca. He paid more than Re. 1-8 as municipal tax during the year preceding the year of election in the Gaibandha Municipality in Rangpur district where he had been serving as Sub-Registrar under Government. He was in the previous year also assessed to income-tax and he paid it. The petitioner's name was duly registered in the Electoral Roll, and his nomination was duly proposed and seconded by registered electors, and the Returning Officer granted a certificate of scrutiny and delivery. The petitioner was fully qualified to stand as a candidate for election as a Member of the Bengal Legislative Council from the Dacca West Rural Muhammadan constituency.

9. That the petitioner firmly believes that he would have been returned as a successful candidate if the Respondent No. 1 had not procured votes by the illegal means noted above.

10. A sum of Rs. 1,000 in 10 Government Currency notes, numbered R E/33 87363, R E/55 88060, Q E/24 45991, M E/26 83325, R E/53 50333, R D/2 62652, Q E/1 39309, Q E/37 65149, R E/56 11515, R D/94 03645 is enclosed herewith.

11. That your petitioner therefore humbly prays :—

(a) That Your Excellency will be graciously pleased to set aside the election of Respondent No. 1 and declare your petitioner as duly elected.

(b) That if Your Excellency consider the election to be vitiated by the aforesaid irregularities, illegalities and corrupt practices Your Excellency may be graciously pleased te set aside the whole election.

(c) That for giving relief prayed for above Your Excellency may be pleased to pass any such orders as Your Excellency deems fit and proper.

And Your Excellency's humble petitioner shall ever pray.

RAIHANUDDIN AHAMAD.

Verification.

The facts stated in paragraphs 1, 2, 3, 4 and 8 are true to my knowledge and those stated in the rest of the petition are true to my information and belief. I sign this verification on this, the 31st day of December 1926, sitting at the house of Maulvi Amir Ahmad, Deputy Superintendent of Police, at Brahmanbaria in the district of Tippera.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forecast of the Wheat Crop of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India, and (*b*) in the territory now reported on has, in the five years ending 1924-25, averaged (*a*) 40·7 and (*b*) 14·6 per cent., respectively.)

Character of the season.—Since the issue of the second forecast in February last, the crop has improved a little in the districts of Burdwan, Birbhum, Bankura, Rajshahi and Dinajpur as a result of occasional rainfall while in other districts the outturn is reported to be the same as in the second forecast. On the whole, the season may be regarded as a fairly favourable one for the crop.

Acreage.—According to the estimates of District Officers, the total area sown is 129,300 acres this year as against 130,400 and 130,500 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—The provincial outturn, as worked out from district estimates, is 81 per cent. of the normal as against 70 and 69 per cent., respectively, in the corresponding and final forecasts of last year.

Taking the normal yield to be 8⅓ maunds per acre, the gross yield of the crop for the Province is estimated at 32,100 tons this year as against 27,900 and 27,600 tons reported, respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

Nadia ...	23,100	14,000	14,800	58	67	Middle of March. Normal.	The outturn is anticipated to fall below the normal for want of timely rains during the period of growth.
Murshidabad ...	35,500	28,200	28,500	58	75	Ditto ...	The weather has been favourable since the submission of the second forecast. The outturn is anticipated to fall below the normal owing to damage caused by insect-pests and untimely rainfall in December.
Jessore	3,800	700	700	50	58	Ditto ...	The weather has not been favourable and the outturn is anticipated to be much below the normal.
Burdwan ...	1,600	1,700	1,400	81	75	Ditto ...	The decrease in area is due to want of sufficient rain. Since the submission of the second forecast the weather has been fair except in Asansol where some damage has been done by the recent showers.
Birbhum ...	4,100	2,800	2,700	83	82	March. Normal	There was no rain at the sowing time or just before it, but occasional rainfall since then has been favourable to the growth of the crop. The outturn is, however, anticipated to be below the normal owing to nature of the soil.
Bankura ...	6,500	5,000	5,200	100	108	By the end of February.	Since the submission of the second forecast the weather has been unusually cool and cloudy with some rains which are favourable to the crop and the outturn is expected to be better than what was anticipated when the second forecast was submitted.
Midnapore ...	800	800	800	83	83	Beginning of March. Normal.	The weather has been fairly favourable. The outturn is anticipated to fall below the normal owing to occasional drought in some places after the sowing time.
Hooghly ...	400	200	300	67	100	Ditto ...	The increase in area is due to adequate and timely rainfall. The weather has been favourable. A normal outturn is anticipated.
Rajshahi ...	18,600	10,600	9,100	67	83	March. Normal ...	The decrease in area is due to want of rain in September and October. The weather has been favourable and the crop has improved owing to rains in January.
Dinajpur ...	1,300	1,600	1,600	67	58	Middle of March. Normal.	The weather has not been favourable. The outturn is anticipated to be much below the normal.

Bogra	100	300	300	30	50	March. Normal	The weather has been favourable but the outturn is anticipated to be much below the normal as the soil is not suitable for the cultivation of the crop.
Pabna	8,800	6,500	6,500	100	100	End of February. Normal.	The decrease in area as compared with the second forecast is due to revised estimates received from the reporting officers. The weather has been favourable and a normal outturn is expected.
Malda	43,000	44,200	43,500	66	83	Middle of March. Normal.	The weather has been fairly favourable. The outturn is anticipated to fall below the normal owing partly to unfavourable weather after sowing time and partly to damage caused by drought in some parts.
Dacca ...	4,100	3,500	3,500	82	85	March. Normal	The weather has been favourable on the whole, and a normal outturn is anticipated.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30TH SEPTEMBER 1926.

CALCUTTA, THE 6TH APRIL 1927.

RESOLUTION No. 5432 L R.

READ—

The survey and settlement reports for the year ending the 30th September 1926.

During the year under report the Director, Eastern Circle, Survey of India, inspected the traverse work in the Sundarbans and the Director, Map Publication, inspected the Drawing and Map Reproduction Sections of the Bengal Drawing office with satisfactory results. Various valuable suggestions for improvement made by these expert officers are being carried out.

2. The traverse parties surveyed an area of 830 square miles in Murshidabad and Birbhum and 824 square miles in the 24-Parganas. The area surveyed in the district of Birbhum offered no special difficulty, but the area in the 24-Parganas contained numerous tidal khals and scattered blocks of dense jungles on the border of the Sundarbans, which made progress difficult. In Chittagong, the whole of the Cox's Bazar subdivision was traversed, the changes in the area since Allen's maps were prepared having been much more extensive than in the Sadar subdivision, where the work began from the stage of khanapuri. A special traverse survey was made of about 16 square miles of the Southern Salt Lake for the Corporation of Calcutta, which paid the cost.

3. The major settlement operations were in full swing in the districts of Murshidabad, Birbhum and the 24-Parganas. The settlement operations of the districts of Bankura and Jessore were closed during the year whilst those of Khulna, Nadia and Pabna-Bogra reached their last stages. No new district was undertaken during the year.

4 Record-of-rights has now been completed in 46,915 square miles out of the total area of 65,775 square miles in the province to which the Bengal Tenancy Act applies The settlement maps and records continue to be utilized to a large extent in almost every branch of the administration. The receipts from sales of printed khatians and maps in the districts in which settlement was completed some years ago, are still going up, and no higher test could be had of the value of the settlement records to the Courts and to the public.

5. Khan Bahadur M. A. Momen was in charge of both the Survey and Settlement Departments from the beginning of the year till the 19th November 1925, and again from the 19th August 1926 till the end of the year. During the remaining period Mr. A. K. Jameson, I.C.S., was in charge. The Governor in Council has much pleasure in acknowledging the care and ability with which these officers have managed the two departments, and the comprehensive and interesting report submitted by Mr. Jameson. His Excellency in Council is also pleased to direct that the good work done by the Survey officers Messrs. C. A. O'Donel and I. Newton and the Settlement officers Messrs. L. R Fawcus, B. E. J. Burge, J. B. Kindersley and Rai B. B. Mukherji Bahadur, as also by the other officers mentioned in the concluding paragraphs of the Survey and Settlement reports, be noted.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette.*

(*i*) is unable to write, or

(*ii*) is not personally known to the registering officer,

he shall, in addition to signing his name (in the manner indicated in rule 48 if he is unable to write), imprint the mark of his left thumb on the document to be registered and also in the book of thumb impressions to be kept in Form No. 4 in Appendix I :

Provided that, if the left thumb of the executant be defective or injured, the right thumb or any other digit may be used, but in that case or in the case of an executant suffering from small-pox, leprosy or other contagious disease, a note of the fact must be made in the space reserved for impression, in the book and also on the document, mentioning the particular digit used, and explaining why, in the case of contagious disease, no impression could be taken.

(*2*) The said mark shall be made by a slightly rolled impression of the executant's left thumb (or other digit, as the case may be) taken in printer's ink off a flat piece of tin properly prepared for the purpose.

(*3*) Each impression in the register of thumb impressions shall be initialled by the registering officer as well as by the officer taking the impression or, in case of Purdanashin ladies, by their identifiers.

(*4*) When several documents executed by the same person are registered, a separate thumb impression shall be taken in respect of each document.

(*5*) Notwithstanding anything hereinbefore contained, a registering officer may, in his discretion, dispense with the taking of impressions in the case of persons of position regarding whose identity there can be no doubt or room for suspicion, even if the executant is not personally known to him.

(*6*) The provisions of this rule shall apply *mutatis mutandis* in the case of illiterate identifiers of executants.

50. Thumb impressions of executants or their identifiers shall be taken in the presence of the registering officer. They shall be taken in the printed form of book prescribed for this purpose by sub-rule (*1*) of rule 49 and on one side of the paper only. The serial number of the thumb impression taken in the book shall be quoted against the impression on the back of the deed. A separate book for thumb impressions shall be kept for cases of visits or commissions.

52. (*1*) When a document has been presented to a Sub-Registrar for registration within the period prescribed by section 23, namely, four months from the date of its execution, and the executant fails to appear to admit execution within the period, the Sub-Registrar must, immediately after the expiration of the said period, record a formal refusal to register, leaving it to the parties to appeal to the Registrar under section 72 within 30 days if they think proper :

Provided that the Sub-Registrar shall not record such an order if the person presenting the document or claiming under it has, before the expiration of the said period, initiated proceedings under section 36 to procure the appearance of the executant, or under section 38 for his examination; but in that case the Sub-Registrar shall report the matter to the Registrar for orders at the end of the said period.

(*2*) In the case of an appeal under section 72, mentioned in sub-rule (*1*), the Registrar shall not pass an order directing the Sub-Registrar to register the document, unless it is shown, on the appearance of the executant before the Registrar, that his non-appearance before the Sub-Registrar, within the period prescribed by section 23, was due to urgent necessity or unavoidable accident. If the Registrar passes such an order, a fine shall be imposed as provided in the proviso to sub-section (*1*) of section 34.

(*3*) In the case referred to in the proviso to sub-rule (*1*)—

(*a*) the Registrar shall, on receipt of the Sub-Registrar's report, direct the document to be kept pending the disposal of the proceedings initiated under section 36 or section 38, but not for a period exceeding eight months from the date of execution. If the executant refuses or neglects to appear on the legal service of the summons, the Sub-Registrar shall refuse, under section 35, to register the document ;

(*b*) if the executant appears on the service of the summons and admits execution, his admission shall be recorded and he shall be called upon to submit an application to the Registrar for a direction under the proviso to sub-section (*1*) of section 34, explaining the cause of the delay in his appearance. When such an application is received, the Sub-Registrar shall forward it to the Registrar with any remarks he may wish to make and await orders ;

(*d*) if the Registrar is unable to accept the cause shown for the delay, he shall direct the Sub-Registrar to refuse to register the document ;

Procedure on failure of the executant to appear after payment of a fine under section 25 within eight months from execution.

53. (*1*) If the time for accepting a document for registration has been extended under section 25, and the executant fails to appear to admit execution within the period of eight months from the date of its execution, the Sub-Registrar must, immediately after the expiration of the said period, record a formal refusal to register, leaving it to the parties to appeal to the Registrar under section 72 within thirty days, if they think proper :

Provided that the Sub-Registrar shall not record such an order if the person presenting or claiming under the document has, before the expiration of the said period, initiated proceedings under section 36 to procure the appearance of the executant, or under section 38 for his examination ; but in that case the Sub-Registrar shall report the matter for the orders of the Registrar on the expiration of the said period.

(*2*) In the case of an appeal under section 72, mentioned in sub-rule (*1*), the Registrar shall not pass an order directing the Sub-Registrar to register the document, unless it is shown, on the appearance of the executant before the Registrar, that his non-appearance before the Sub-Registrar within the period extended under section 25 was due to urgent necessity or unavoidable accident. If the Registrar passes such an order, a fine shall be imposed as provided in the proviso to sub-section (*1*) of section 34, in addition to the fine already imposed under sub-section (*1*) of section 25.

(*3*) In the case referred to in the proviso to sub-rule (*1*)—

(*a*) the Registrar shall, on receipt of the Sub-Registrar's report, direct the document to be kept pending the disposal of the proceedings initiated under section 36 or section 38, but not for a period exceeding twelve months from the date of execution. If the executant refuses or neglects to appear on the legal service of the summons, the Sub-Registrar shall, under section 35, refuse to register the document ;

(*b*) if the executant appears on the service of the summons and admits execution, his admission shall be recorded and he shall be called upon to submit an application to the Registrar for a direction under the proviso to sub-section (*1*) of section 34, explaining the cause of the delay in his appearance. When such an application is received, the Sub-Registrar shall forward it to the Registrar with any remarks he may wish to make and await orders ;

(c) the Registrar, after considering the cause shown for the delay in the appearance of the executant, may pass an order directing the Sub-Registrar to register the document on payment of a fine as prescribed by the proviso to sub-section (1) of section 34, in addition to the fine already imposed under sub-section (1) of section 25;

(d) if the Registrar is unable to accept the cause shown for the delay, he shall direct the Sub-Registrar to refuse to register the document;

(4) The provisions of sub-rule (1) shall apply *mutatis mutandis* in the case of documents presented before a Registrar. In such cases there shall be no appeal to the Registrar from an order passed by himself.

Wilful refusal or neglect to attend and admit execution.

54. A registering officer shall record his order of refusal to register a document under section 35 as soon as he is satisfied that the summons has been served according to law and the executant has refused or neglected to appear on the appointed date.

Registration of documents executed by several persons.

55. In the case of a document executed by several persons, who all appear before the registering officer, if any of the executants deny execution, the deed shall be refused registration in respect of him and registered in respect of those who admit. If some of the executants appear and admit execution and others do not appear, the document shall be registered in respect of those who admit, and registration shall be refused as regards others.

Application of rule 52 to documents executed out of British India.

56. (1) The procedure prescribed by rule 52 shall apply also in the case of documents referred to in section 26, with this exception only, that the period of four months referred to in that rule and any extended period allowed under the proviso to sub-section (1) of section 34 must be reckoned from the date of the arrival of such documents in British India, and not from the date of their execution.

(2) Such documents shall not, under any circumstances, be admitted to registration more than eight months from the date of their arrival in British India.

Procedure regarding documents executed partly in British India and partly out of it.

57. In the case of a document executed by some of the parties in, and by others out of, British India, the party presenting the document may proceed at his option under section 23 or section 25 instead of under section 26, and if he does so, the provisions of those sections shall apply.

58. (*1*) When a document is presented for registration or the execution thereof is admitted more than four months after execution, and the Registrar decides that the document should be admitted to registration, he may either—

(*b*) direct the registration of the document, on payment of the said penalty, by any Sub-Registrar in whose office it could have been registered if presented within the said period of four months.

(*2*) In such cases the date on which application was made to the Registrar for his decision shall be regarded as the date of presentation.

Record of reasons for refusal to register.

59. (*1*) When a registering officer records, under section 71 or section 76, his reasons for refusing to register a document, the record must be made in Register-book No. 2 (Form No. 2 in Appendix I) with his own hand, the reasons being fully and clearly stated.

(*2*) If the reasons include the fact that one out of several executants declines to comply with the requirements of the law, his name must be given ; if the registering officer is doubtful as to the identity of a party admitting execution, the grounds of his doubt must be stated.

CHAPTER IX.

Administration and Record of Oaths.

Oath when to be administered.

60. The discretion reposed in the registering officer by section 63 to administer an oath shall not be exercised unless he doubts the truth of any verbal statement made to him.

Procedure of re-registration of documents.

67. A document tendered for re-registration shall be treated in all respects as if it was a new document. It shall be recopied in its altered form and full fees shall be levied. (2) The District Magistrate or, in any district other than a Presidency-town or the Rangoon Town District, a Magistrate authorised by him in this behalf, may appoint to the volunteer police force any person fit and willing to be appointed thereto and assign to him any rank in the volunteer police force not superior to that of an inspector :

Provided that, in a district other than a Presidency-town or the Rangoon Town District, no person shall be appointed to the volunteer police force or have any rank assigned to him therein save on the recommendation of, or with the concurrence of, the Superintendent of Police.

11. (*1*) Every volunteer police officer shall be entitled to an allowance on account of expenses necessarily incurred in the execution of his duty and, if without any default on his own part he contracts any illness or sustains any injury in the execution of his duty, he, or, if he dies from the effect of an illness or injury so contracted or sustained, his dependants, shall be entitled to compensation on such scale as may be prescribed.

(*2*) If any question arises as to the amount of the allowance to be granted to a volunteer police officer in respect of expenses incurred in the execution of his duty, it shall be referred to the District Magistrate, whose decision shall be final and shall not be questioned in any Court.

Control of Local Government.

12. All powers and duties under this Act of the District or any other Magistrate or of the Superintendent of Police shall be respectively exercised and performed subject to any general or special orders of the Local Government.

Power to make rules.

13. The Local Government may make rules consistent with this Act to provide for all or any of the following matters, namely :—

(*a*) the form of certificate to be issued to members of a volunteer police force under section 3 ;

(*b*) the duties which volunteer police officers may be required to perform under this Act ;

(*c*) the allowances and scales of compensation payable to volunteer police officers or their dependants under section 11 ; and

(*d*) any other matter which is to be or may be prescribed or in respect of which the Local Government considers that provision should be made to give effect to this Act.

STATEMENT OF OBJECTS AND REASONS.

The Government of India have had under consideration the provision of means for employing men of good will, on suitable occasions and under suitable conditions, in the preservation of law and order. It has been represented to them that not enough has been done to enable citizens of this country to assist the cause of the public peace, to which, it is suggested, they are less indifferent than is commonly considered the case. Accordingly, with a view to encouraging the growth of a civic sense, Government have in the Bill devised means of enabling the public to co-operate if they so desire with the regular police force.

2. Occasions have arisen in the past when the police force in districts has been subjected to almost intolerable strain or even reduced to a state of exhaustion. The possibility of the recurrence of such occasions in the future cannot be disregarded, and Government, therefore, while attaching importance to the educational value of co-operation by private citizens in assisting in the maintenance of law and order, desire also to provide for a material accession of strength as occasion may require and the good will of citizens may facilitate.

3. The Bill, therefore, empowers District Magistrates in those provinces in which the Local Government may have brought it into force, and under the general and special control of that Government, to constitute temporary volunteer police forces for use within the district. It also enables similar action to be taken in Presidency-towns. It is necessary to proceed by way of legislation in order to invest volunteer police officers with statutory powers, duties and privileges.

4. The volunteer character of the force is secured by provisions for appointment of only such persons as are fit and willing to be appointed, and it will be maintained by the provision for voluntary resignation, subject to due notice. In order to throw the force open to all classes in the community, middle-aged and young, educated and uneducated, the Bill provides for the entertainment of police officers of various ranks and not merely constables All appointments will be honorary, but provision is made for allowances for out-of-pocket expenses, and for compensation for illness or injury.

5. The purposes for which the force will be entertained are the preservation of the public peace, the protection of the inhabitants and the security of property in the part of the country where it is appointed. The duties of volunteer police officers will be only those which are strictly ancillary to these purposes, and will not include investigation or prosecution. In the discharge of these duties the volunteer police will have the powers, privileges and protection of a regular police officer appointed under the Police Act, 1861.

6. The scheme to which the Bill gives shape contemplates that the volunteer force should not only include rank and file, but should also find its own officers. It is nevertheless of the essence of the scheme in its educational aspect, and of prime importance for administrative purposes that the force should be closely co-ordinated with the regular police and should be controlled by professional officers. It is proposed to effect these objects by placing the force under the direction and control of the Superintendent of Police and by subjecting every volunteer police officer to the lawful orders of any volunteer police officer superior to him in rank and of any regular police officer to whom he is, under the orders of the Superintendent of Police, subordinate. But the members of the force will not be subject to the control of any subordinate officer of the regular police lower in rank than an officer in charge of a police-station.

Provisions regarding discipline are as simple as possible. Departmental punishments will be limited to reduction in rank, discharge or dismissal. Otherwise discipline will be maintained by the imposition of a fine on conviction at a judicial trial.

3. The capital expenditure of Rs. 15,175 during the year on the **Grand Trunk Canal** was partially incurred to meet payments on account of enhanced awards given by the Special Land Acquisition Judge and for repairs to the "Ronaldshay" dredger.

4. No capital expenditure was incurred during the year on the **Midnapore Canal** consisting of two weirs, one at Midnapore and the other at Panskura, 69·75 miles of main and branch canals used both for irrigation and navigation and 284·97 miles of distributaries. The area irrigated during the year was 75.698 acres as against 76,235 acres in the previous year and an average of 76,862 acres for the triennium ending March 1925. The gross receipts and working expenses (direct and indirect) were Rs. 2,81,623 and Rs. 2,20.774, respectively, the result being a net revenue of Rs. 60,849 against a net revenue of Rs. 84,384 in the preceding year. The increased expenditure in maintenance was due to the silt clearance of the 7th reach.

5. No capital expenditure was incurred on the **Hijili Tidal Canal** which with the Terapakia pass khal, Palaboni khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal of 49¾ miles in length. The gross receipts and working expenses of the canal were Rs. 1,07,514 and Rs. 22,359, respectively, the result being a net revenue of Rs. 85,155 as against Rs. 1,12,662 in the preceding year. The drop in the receipts is due to less traffic on the canals.

6. **The Calcutta and Eastern Canals** form a series of natural and artificial navigation channels extending for 834 miles for the purpose of maintaining communication between Calcutta and Eastern Bengal. The capital expenditure on the canals during the year was Rs. (-) 4,82,626 (direct) inclusive of receipts on the capital account due to an accounts adjustment for value of land sold to the Calcutta Improvement Trust for the Shambazar Park and for hire from dredgers. The gross receipts and working expenses (direct and indirect) were Rs. 4,74.241 and Rs. 6,23,403, respectively, the result being a loss of Rs. 1,49,162 which is principally attributable to the reconstruction of bridges over the canals round Calcutta.

The Sunderbans Steamer Route has been treated as a separate project from the Calcutta and Eastern Canals with effect from the year 1924-25. The receipts and working expenses of the route were Rs. 55,719 and Rs. 4,60,036 during the year, the result being a net deficit of Rs. 404,317

gainst a net revenue of Rs. 9,825 in the previous year. The abnormal loss s due to heavy expenditure in repairs to the dredgers "Foyers" and Alexandra" and also in dredging the Doagra channel.

7. On the **Madaripur Bhil Route** connecting the Madhumati and Kumar ivers in the Faridpur district, a capital expenditure of Rs. 1,34,956 (direct and indirect) was incurred mainly on dredging the Lower Kumar river from Takerhat to Charmaguria a length of 13 miles, and also on excavating sidings n the 12th and 14th miles of the route. The gross receipts and working xpenses (direct and indirect) were Rs. 3,79,729 and Rs. 2,20,558 respectively, he result being a net revenue of Rs. 1,59,171 against Rs. 1,36,691 in the preceding year. The better result is due to a larger tonnage using his route.

8. **The Orissa Coast Canal** in the Midnapore district is a navigation canal lying partly in the Bengal Presidency and partly in the Province of Bihar and Orissa. The receipts and working expenses for the portion within Bengal were respectively Rs. 39,365 and Rs. 12,398, the balance of net revenue being Rs. 26,967 against Rs. 21,964 in the preceding year.

9. **The Nadia Rivers** having been thrown open to free navigation from 1st September 1923, there were no navigation receipts during the year. The maintenance charges amounted to Rs. 31,433 against Rs. 26,752 in the previous year.

10. **The Gaighatta and Buxi Khal** is a short channel connecting the rivers Damodar and Rupnarayan in the Howrah district. This khal has been leased for a period of six years from the 15th June 1921 at a rental of Rs. 2,000 per year on condition that the lessees do all silt clearance at their own cost and maintain the khal to a stated bed level subject to the control of the Irrigation Department. The receipts during the year amounted to Rs. 2,500.

11. **The Eden Canal** in the districts of Burdwan and Hooghly was originally constructed to supply water for drinking purposes; it is now used for irrigation also. The supply of water in the canal is uncertain owing to the absence of a weir in the river Damodar. This state of things will improve when the Damodar Canal is completed. The area irrigated from the canal was 23,836 acres against 21,010 acres in the preceding year. The receipts and working expenses were Rs. 40,047 and Rs. 50,258, respectively, against Rs 35,226 and Rs. 34,112 in the preceding year.

12. **Training works.**—Training works in connection with the conservancy of the river Ganges from Rajmahal to Goalundo continued to be carried out departmentally with the help of an experienced officer of the Steamer Companies. Training and bandalling works were also carried on in the Bhagirathi river. Bandalling works were done as usual in the Dhaleswari and Buriganga rivers and a sum of Rs. 19,629 was spent on the work.

13. **Flushing and drainage works.**—The construction of the Amirabad drainage project in the Midnapore district was in progress during the year. Arrangements were made for completing the remaining portion of the Nowi-Sunthi project in the 24-Parganas district (the Nowi and Ichapur khals) at an estimated cost of Rs. 38,765 which has been contributed by the District Board. Investigations in connection with the improvement of the Meherpur Bhairab and Gobranala projects were made and schemes for both were approved. The Bhairab project II for making a connecting cut between the Nabaganga above Jhenidah and the Bhairab was prepared and two other schemes for the improvement of this river were under examination.

The Arool Bhil scheme was practically completed and the sluice opened for regulating water in the basin: the question of semi-canalisation of the Alaipur khal in Khulna was examined and a project drawn up. A general enquiry into the conditions in the Nadia district was made with the object

of flushing some of the dead rivers: a survey was made to ascertain the feasibility of flushing the Nabaganga from the Matabhanga. The Anjona project was dropped in its present form and enquiries are being made to see whether water cannot be obtained for flushing from a point higher up on the Jalangi.

North of the Ganges, the area which suffered from the floods in Northern Bengal in 1922 has been kept under observation and in the Malda district certain proposals for irrigation are being looked into. In the Dacca district in the Manikganj subdivision an examination of the river system is being made to see whether additional water can be turned into the stagnant rivers, and the dredging of some of the bars in the Lakhya, Buriganga and Dhaleswari is being considered.

In the Burdwan district the Rankini Doho scheme is being estimated, and there is also another project for relieving the after-flood congestion in the spill area of the Damodar in the Raina thana.

In the Hooghly district certain small schemes are being examined for relieving flooding and in the Hooghly and Howrah districts the dredging of the Hoorhoora and Buxi khal has been completed.

In the Midnapore district the desirability of abandoning some of the embankments has been considered, and it has been decided to abandon those which cause obstruction to the passage of floods at and near Ghatal. It has also been decided to provide escapes for the flood water.

The Soadighi-Gangakhali scheme was under examination, and is likely to be commenced in the near future. Measures for the relief of flooding in the Contai subdivision are also under consideration.

14. **Damodar Canal.**—It has been decided to proceed with the construction of the Damodar Canal which, when completed, will irrigate an area of 196,000 acres of land in the Burdwan and Hooghly districts.

15. **Irrigation in Western Bengal.**—Surveys for small Irrigation schemes in the districts of Bankura, Birbhum, Burdwan and Midnapore were in progress. The object of these works is to extend irrigation from the streams which traverse the undulating area in Western Bengal, which is more liable to famine than other parts of the province; some of these schemes will be carried out as Government schemes under the Irrigation Act, and others will be undertaken through the agency of Co-operative Societies or under the Agricultural and Sanitary Improvement Act, VI of 1920.

The Bakreswar project in Birbhum has been completed and will be taken up at once and will irrigate about 10,000 acres of paddy. The Kopai project, also in Birbhum, is being examined. and the Kashia Nala project is ready. In the Bankura district the Amjhore weir is being constructed and the Salbundh weir is sufficiently advanced for supplying water. A project is under preparation for the Berai area. In the Midnapore district projects are under preparation for the Boital, Champa khal and Kowari khal schemes and the Dolong area is being surveyed. These are the more important projects which are being dealt with, but there are also a number of smaller ones which are being examined.

Order.—Ordered that a copy of the resolution be published in the *Calcutta Gazette* and a copy thereof and of its accompaniments be submitted to the Government of India in the Department of Industries and Labour (Public Works Branch) and circulated to all departments and officers of this Government as usual.

No. 857 P.H.—The 19th April 1927.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules subject to which the Commissioners of the Raniganj Municipality in the district of Burdwan may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only :—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water rate imposed under the provisions of part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding whose annual value is not less than Rs. 100 requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply must apply for the same on a printed form to be supplied on payment of one half-anna per form, at the Municipal office.

2. A fee of Rs. 150 must be paid to the Commissioners by such owner or occupier for each connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection and extensions from the communication-pipe of one holding to another shall not be permitted.

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding.

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required, must pay the entire cost of the connection, including the supply and fixing of

the fittings referred to in rule 7, and must also pay the cost of such alterations in or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the Municipal water works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (1) The works required under rules 4 and 5 may be carried out by the Commissioners themselves or by a person or firm employed by the Commissioners at the expense of the owner or occupier of the holding in respect of which the works are required.

(2) No work shall be carried out under sub-rule (*1*) except under the supervision of a Municipal officer.

7. A holding connection shall comprise the following parts of fittings :—

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position must be capable of standing a pressure of 100 feet and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

„ 2,000 and over an extra tap for every additional Rs. 1,000 and when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of communication-pipe.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules shall be entitled to a supply of—

16. The Commissioners may cut off the connection between any water-works of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(*a*) if the holding is unoccupied,

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it,

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood,

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same.

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorized by these rules ;

The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan the particular steps which the District Board has taken or has agreed to take to make good the deficiency.	(*a*) It has been stated in paragraph (*d*) that the interest together with the capital would be met out of the sum annually set apart for improvement of rural water-supply in the district. Virtually there is no deficit if the closing balance of the previous year is taken into account.
(*b*) Possible means of income in the revenue of the District Board.	(*b*) The settlement has nearly been over. The District Board expects a substantial increase to their income at the next re-valuation.
(*c*) A statement of all outstanding loans as well as the annual charges involved on their account.	(*c*) (1) Loan of Rs. 40 000 taken on 20th March 1923, out of which six instalments of Rs. 1,873-1-6 each were paid up to date out of forty instalments. (2) Loan of Rs. 30,000 taken on 14th February 1925, out of which only two instalments of Rs. 1,404-13 each were paid up to date out of forty instalments. (3) Loan of Rs. 30,000 taken on 11th March 1926 out of which no instalment has yet been paid.
(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the Board when such is otherwise than the ordinary surplus would indicate.	(*d*) Rupees 14 633 has been provided in the current year's budget out of the sum of Rs. 24,000 available annually for the improvement of water-supply under 45—Civil works, and the balance of Rs. 9,367 has been provided under head "Repayment of Loan." If the loan is granted there would be no difficulty in meeting the charges out of above sum.

Rules.

2. When any such building has remained vacant and unproductive of rent for any period exceeding sixty consecutive days within the season commencing on the 1st April and ending on the 30th September, in any year, the Cantonment Authority shall remit or refund for every day on which the said building remains vacant and unproductive of rent in the said season, a sum equal to two three hundred and sixty-fifths of the full tax on such building for that year ; provided that from the amount of any remission or refund calculated in the manner above prescribed there shall be deducted by the Cantonment Authority, for every day during which such building has been occupied or productive of rent within the period commencing on the 1st October and ending on the 31st of March of such year, a sum equal to one three hundred and sixty-fifth of the full tax for that year on the said building.

3. For the purpose of obtaining a partial remission or refund of tax, the owner of a building composed of separate tenements may request the Cantonment Authority, at the time of the assessment of the building, to enter in the assessment list, in addition to the annual value of the whole building, a note recording in detail the annual value of each separate tenement.
